2018's Hottest New Hotel Openings Across the Globe

Another year, and another list of incredible new hotel openings. Why is this important to you, dear reader? The Venue Report understands that having tried-and-true travel experiences is just as important as flexing your adventure muscles and experiencing new locales and places to stay. This great big globe has so many unique pockets waiting to welcome you. In this 3rd annual collection, you will discover a designer hostel in the Czech Republic, boutique properties in the countryside, glamping digs and tropical island resorts. Whether you choose to explore an urban city with a group of friends or head to the countryside for a family farmhouse stay, each one of these special places have been built with passion, a story and a lot of thought about what will make you, the traveler, have an experience to remember.
