### The 15 Best-Designed Hotels Opening This Summer

#### **Hotel Revival, Baltimore**

Having recently opened its doors in the Mount Vernon neighborhood, Hotel Revival, a Joie de Vivre property, has an artistic past as the private mansion of Mary Elizabeth Garrett. It also served as the city's first public art museum. To continue this history, 30 different artists' work have found a permanent home in this 14-story building, with rooms done by SLDesign that feature custom quilts embroidered with the map of Chesapeake Bay.
