

MINOR MAINTENANCE PROGRAM

We recognize the investment you have made in your vacation rental property. Consistent and professional maintenance is required to preserve your property's value, and to ensure a positive experience for our guests.

Our Minor Maintenance Program covers the cost of labor for providing guest services to your home and for maintaining a wide range of items that need attention on a regular basis.

Owners on the Wild Dunes Property Management program have the benefit of knowing that basic home maintenance is being performed by our experienced staff of maintenance technicians. For larger or more specialized repairs that are not included in this program, we will coordinate with outside contractors to perform repairs or maintenance. This Minor Maintenance Program results in fewer trouble calls and provides a higher quality of service, enhancing the guest experience and improving your home's rental appeal.

The monthly fee includes the cost of labor to repair the items on the following page. All parts and supplies will be billed to the owner in addition to the monthly fee.
